Dear Mr. Bout,

Thank you very much for your fax message of November 11th and for the interest you show in the Ostend Airport Business Park.

In the meantime we received the visit of your advisor, counsel D. Crabeels from Oostende, who commented the most promising prospects of your project. Mr. P. Zuttorman from the WIER, the Intermunicipal organisation that develops the Business Park, attended the meeting as well.

We look forward very much to receive:

- the business plan concerning the activities you intend to develop;
- the timing you propose;
- additional information you might need.

As a next step we propose to have a meeting on the plot in Oostende, in our offices in Bruges or wherever you may wish.

Looking forward to meeting you, we remain,

sincerely yours,

André De Raes
